

**ISN NEXUS SYMPOSIUM ON COMPLEMENT RELATED KIDNEY DISEASES:  
CLASSIFICATION, GENETICS AND TREATMENT**

Bergamo (Italy), September ... , 2015

**DAY 1**

12.00 – 13.30      Registration and light lunch

13.30 –14.30      Introductory remarks and State of the art Lecture:  
...  
*Giuseppe Remuzzi*  
*Italy*

**Session I**  
**Atypical hemolytic uremic syndrome (aHUS)**

14.30 – 15.00      CFH abnormalities: mutations, rearrangements, deletions and auto-  
antibodies  
*Timothy H.J. Goodship*  
*United Kingdom*

15.00 – 15.30      Mutations in other complement genes and DGKE  
*Veronique Fremeaux-Bacchi*  
*France*

15.30 – 16.00      Podocyte injury as a risk and a complication of aHUS  
*Marina Noris*  
*Italy*

16.00 – 16.30      Coffee break

16.30 – 17.00      Outcome of aHUS: what has changed in the last years?  
*Christoph Licht*  
*Canada*

17.00 – 17.30      Emerging complement biomarkers for an individualized therapy  
*Miriam Galbusera*  
*Italy*

17.30 – 18.00      Kidney and kidney/liver transplantation in aHUS  
*Piero Ruggenenti*  
*Italy*

## DAY 2

### Session II

#### Immune-complex-mediated MPGN (IC-MPGN) and C3 glomerulopathy (C3G)

08.30 – 09.00	Classification: new thinking of an old entity <i>Vivette D. D'Agati</i> USA
09.00 – 09.30	Gene mutations and genomic rearrangements <i>Santiago Rodriguez de Cordoba</i> Spain
09.30 – 10.00	Auto-antibodies and C3Nef <i>Peter F. Zipfel</i> Germany
10.00 – 10.30	From animals to humans (and vice versa) <i>Matthew C. Pickering</i> United Kingdom
10.30 – 11.00	Coffee break
11.00 – 11.30	Natural history and outcome predictors ... ...
11.30 – 12.00	Eculizumab treatment: who may benefit? ... ...
12.00 – 12.30	New therapeutic approaches and perspectives <i>Richard J. H. Smith</i> USA
12.30 – 14.30	Lunch and Poster presentation

### **Session III**

#### **Workshop/Discussion Groups**

14.30 – 16.30

Workshop 1    aHUS - Genetics and Classification

*Chair:*

*Co-chair:*

*Co-chair:*

Workshop 2    aHUS - Treatment with complement inhibitors: who, when and how long?

*Chair:*

*Co-chair:*

*Co-chair:*

Workshop 3    IC-MPGN/C3G - Pathogenesis and Classification

*Chair:*

*Co-chair:*

*Co-chair:*

Workshop 4    IC-MPGN/C3G Treatment: Perspectives of studies with complement inhibitors and  
criteria for enrollment

*Chair:*

*Co-chair:*

*Co-chair:*

16.30 – 17.00            Coffee break

### **Session IV**

#### **Oral presentations**

17.00 – 18.00

## **DAY 3**

**8.30 – 9.30    Workshop Reports**

### **Session V**

#### **Meet the doctors - An open discussion between patients and doctors**

9.30 – 11.00	Experts will explain what is aHUS and how it has been and will be treated
11.00 – 11.30	Coffee break
11.30 – 13.00	Experts will explain what are IC-MPGN/C3G and how they have been and will be treated
13.00 – 13.30	Conclusions
13.30	Light lunch
